

Mixed Berry PROARGI-9 PLUS

One serving of ProArgi-9 Plus Mixed Berry contains 5,000 mg of elemental pharmaceutical grade L-arginine. Often referred to as the “miracle molecule,” L-arginine has potent health-enhancing properties.

The remarkable properties of L-arginine were validated by the 1998 Nobel Prize in Medicine, and since then have created a frenzy of interest in the pharmaceutical and nutraceutical fields. The efficacy of L-arginine as a therapeutic agent has been validated by thousands of scientific clinical studies.

ProArgi-9 Plus Mixed Berry was formulated in collaboration with leading L-arginine researchers such as J. Joseph Prendergast and other cardiovascular specialists who have conducted pioneering research in the proper application of L-arginine in promoting cardiovascular health. These experts have helped create the best L-arginine product on the market.

L-arginine is best known for its cardiovascular benefits. In the body, L-arginine is converted to nitric oxide, which relaxes the blood vessels. This reduces stress on the heart and im-

proves circulation. L-arginine is the body's major source for nitric oxide synthesis. Without nitric oxide, human life would not be possible.

L-arginine also reduces blood viscosity. Scientific studies have shown that L-arginine aids in reducing blood pressure levels. L-arginine also enhances health in a number of other ways. It helps improve immune function, stimulate the release of human growth hormone (HGH), and promote healthy sexual function. It may also boost energy levels, help to build muscle, and reduce adipose tissue body fat.

ProArgi-9 Plus Mixed Berry is a unique product with a delicious, naturally sweetened berry flavor, far-reaching health benefits, and powerful support for the cardiovascular system. With ProArgi-9 Plus Mixed Berry, you're giving your body the support necessary for a long, healthy life.

ITEM NO. SU74154 | Net Wt 11.1oz (315g)

Benefits	Instructions	Ingredients
<ul style="list-style-type: none"> • Supports cardiovascular health. • Enhances blood flow to vital organs. • Combats the negative effects of premature cardiovascular aging. • Anti-aging benefits. • Supports healthy sexual performance. • May aid in decreasing body fat. • Maintains healthy blood sugar levels already in the normal range. • Delicious Mixed berry flavor provided by all natural, low glycemic sweetening system. • May boost energy levels. 	<p>Mix one serving (one scoop providing 5 g elemental L-arginine) with 4 to 8 oz. of water (depending on individual taste). Stir to dissolve. If water is very cold, mixture will take about 1 minute to dissolve.</p>	<p>Proprietary blend: L-arginine, xylitol, pomegranate fruit extract (<i>Punica granatum</i>), L-citrulline, d-ribose, grape skin extract (<i>Vitis vinifera</i>), red wine extract.</p> <p>Other ingredients: Citric acid, malic acid, natural sweetener (inulin, fructose, pea protein, and natural flavors), silicon dioxide, natural flavors, stevia leaf extract (<i>stevia rebaudiana</i>), vitamin C, vitamin D, vitamin K, vitamin B6, vitamin B12, folic acid.</p>
